ITS TRANSMISSION OR THE REVELATION OF ITS CONTENTS IN ANY MANNER TO AN UNAUTHORIZED PERSON IS PROHIBITED BY LAW. REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION

25X1

1. For several months a group of Polish naval sappers has been engaged in building underground passages and storage places at Obluzu, north of Odynia. Part of these underground installations is being used as a storage dump for liquid fuel. This is brought by rail to within 500 meters of the storage dumps, where there are two large sheds. Inside the sheds, the fuel is pumped from the tank cars and reaches the storage dumps by underground pipe lines.
